

WHO WE ARE

i-to-i TEFL is one of the world's leading TEFL Course providers with over 24 years in the teaching abroad industry.

With a global reputation and international partnerships with over 600 schools, we're the UK's leading TEFL company offering TEFL training and teaching placements across Asia and Europe.

Our graduates rate our Courses 4.5 stars out of 5

Since 1994, we've had 182,000 TEFL graduates who are now teaching English as a foreign language in different capacities around the world and online. Over almost a quarter of a century, we've continually been leaders of the

TEFL industry, offering the first online TEFL Course, the first TEFL trip to China and the first TEFL classroom course.

All of our TEFL Courses are regulated by Ofqual, the English Government department responsible for monitoring the quality of qualifications. Not only are we Ofqual regulated, we've also received accreditation from ODLQC - a double stamp of approval that no other course provider has been awarded.

Our TEFL Internships and Supported TEFL Jobs have a fantastic reputation around the globe.

Based in Leeds, UK, our team are full of knowledge in the TEFL field, including a group of 10 TEFL experts, an experienced Customer Support team and an in-house Academic Director. The team is lead by MD Gordon Mathie who founded LoveTEFL - the company i-to-i successfully merged with in 2015.
