# WHO ARE i-to-i TEFL?

Hi, there! We're i-to-i TEFL and we're an international TEFL course provider, based in lovely Leeds, UK. Let's start with the basics: "What's TEFL?", we here you ask. TEFL is an acronym that stands for **T**eaching **E**nglish as a **F**oreign **L**anguage – and our main aim is to help you become an awesome TEFL teacher so that you're free to teach English online or in exciting, far-flung destinations all around the world. Sounds good, right? Listen up, there's more...

The courses we provide are certified top-notch. Don't believe us? Just ask our UK Government regulator, Ofqual, or our official accreditor, the Open & Distance Learning Quality Council. Or even ask our happy grads, who've rated our training courses 4.6/5 stars.

With 25+ years of experience and a passion for TEFL in our bones, not only are we leading the TEFL game, we're doing it with style, substance and a smile on our face.

Welcome to your TEFL journey with i-to-i:  
*the world's leading TEFL course provider.*

## OUR ACCREDITATION & REGULATION

### OFQUAL (UK GOVERNMENT)

The Office of Qualifications and Examinations Regulation (or Ofqual, for short) are a UK Government department who rigorously check all of the major qualifications in England to ensure they conform to their strict standards. They're the official experts in making sure you get the training you've paid for – and the qualification you deserve.

### THE OPEN & DISTANCE LEARNING QUALITY COUNCIL

The ODLQC were set up by the UK Government way back in 1968 to ensure that open and distance training courses were of the highest quality, by going through them with a fine-toothed comb and deeming whether or not they adhered to their guidelines. And we got the thumbs up from them, too!

# WHY CHOOSE i-to-i TEFL?

# A message from our Managing Director, Gordon Mathie

“TEFL is one of the world's best kept secrets. A TEFL qualification has the power to change your life and the lives of those you may end up teaching in some far-flung corner of the globe, or online. Congratulations on finding it, and on finding i-to-i! I really hope you find something in this brochure that will set you on your path towards your first TEFL adventure - and here at i-to-i we'd love to make that happen.”

## OUR MISSION

To make teaching English online or abroad straightforward and accessible – to push you, to inspire you, to offer our support – and to take you places you never imagined possible.

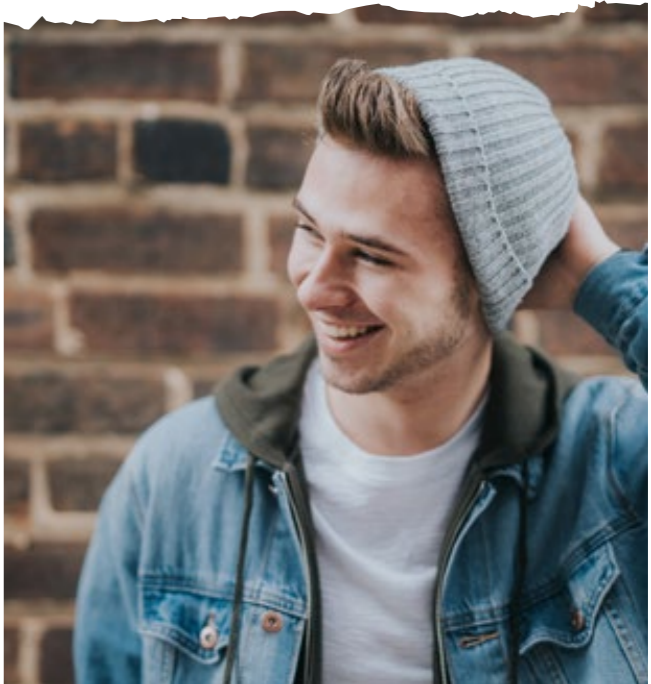

We've made the world bigger and smaller, all at the same time. Travelling the world has never been easier.

We're also committed to providing accessible, affordable TEFL training...

When you're on the hunt for a TEFL course, choosing the right one for you can seem like a tricky decision – but when it comes to cost, we believe that nobody should have to pay over the odds for expert, accredited training. That's why we've committed to keeping our prices low and our standards high!

So, don't be fooled, a hefty price tag doesn't always mean better quality.

Make no mistake, our courses are world-leading, UK Government regulated and ODLQC accredited – so, not only are our qualifications more affordable than our competitors', they're also favoured by employers the world over. In short, getting TEFL certified with i-to-i is the smart TEFLer's choice!

## LEVEL 3 VS. LEVEL 5:

What's the difference?

In a nutshell, a Level 5 Course is a higher level, meaning you'll get a better calibre of course material, a more challenging final assessment and a certificate that's more highly respected by employers. So, if you're looking to bag yourself the best job possible with the highest salary and stand out from the TEFL crowd, we'd recommend enrolling onto a Level 5 Course (or even better, one of our Level 5 Diplomas!).

Alternatively, if you're looking for an entry-level position with an average salary, a Level 3 Course will still give you all the skills and knowledge you need. We'd recommend enrolling onto a Level 3 Course if your level of English is fluent but not native-level, and/or you have a lower budget for your training.

# EMPLOYERS & GRADUATES ♥ OUR TEFL COURSES!

We might be biased – we think we're top-notch TEFL course providers!  
But what do our graduates and TEFL employers think?

## What do TEFL employers have to say?

“ We know from first-hand experience of hiring many students from i-to-i and placing them in teaching positions in our schools overseas that the quality of candidates we receive are excellent. The candidates have clearly benefited from taking an i-to-i course and we would highly recommend graduates to aim to take their Level 5 diploma course. Not only does this course provide a variety of specialisation areas including Teaching Online and Business English, providing the graduate with a diverse portfolio, but also enhances their chance of employment with us and a global career.

### *English First*

We have been assisting i-to-i graduates with finding teaching jobs for many years now and can say with confidence that the quality of the training they receive is very high indeed. When commencing a TEFL career it is essential to have a solid understanding of teaching theory and the deeper the course contents go, the better chance graduates have in gaining employment with a top school. The 300 hour Level 5 Diploma course with i-to-i goes into a lot of detail and really provides students with a solid understanding of all areas of TEFL teaching. ”

### *Gold Star*

## Hear from our happy grads!

“ Thanks to i-to-i, a year and a half ago I came to Granada in Spain. I work as an English teacher in a fantastic academy, I have a lovely house and fantastic life! I love teaching and my students are great. I am the happiest I have ever been, thank you!

### *Annie, TEFL Teacher in Spain*

To everyone still doing their TEFL or thinking of doing it, the doors it can open for you are just amazing! You don't realise it until you actually finish the course and start sending your i-to-i certificate off, but you can literally go wherever you like and start a new life!

### *Sophie, TEFL Teacher in Taiwan*

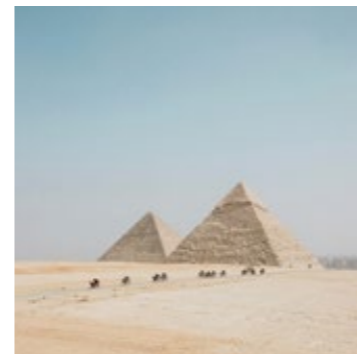

Not only was the course feedback extremely informative and helpful, the tutors themselves were very pleasant and quick to grade submissions. Also, whenever I had to deal with i-to-i staff, everyone was tremendously nice and helpful. Your company inspired me to finally go abroad, thank you! ”

### *Brendan, TEFL Graduate*
